E-Fish

The E-Fish resides at the core of E-oiltool's mechanical solution portfolio. This tool provides the anchor force required for most mechanical intervention jobs.

E-Fish can be configured to retrieve stuck fish and manipulate downhole completion items. E-Fish contains an integral anchor and can provide multiple anchor capability in a range of tubing and casing sizes from 2" to 9-5/8".

It can be run in combination with E-PCT for cutting applications.

Applications	Features	Benefits
stuck fishing	Passive fail-safe system	Fewer runs
plug retrieval	multiple repeated strokes	No jarring required
open/close sleeve	Bi-directional in same run	Accurate depth control
Replacement hydraulic sledgehammer		

Specification

Tool OD	1.5"	1.688"	2"	2.7"	4.1"
Pipe OD Range	2" to 2.375"	2.875" to 3.5"	3.5" to 4"	4.5" to 5.5"	5.5" to 9.625"
Stroke Force	12klbs	15klbs [20klbs]	30klbs [40klbs]	40klbs [50klbs]	100klbs [120klbs]
Stroke Length	10" standard, 16" extended				
E-Power Size	1.5"	1.688"	2.125"	2.7"	4.1"
